

REMARKS

Claims 2-5, 10-12, and 14-22 are pending in the present application.

The Examiner has required election in the present application between:

Group I, claims 6, 7, 9, and 13, drawn to a correcting device which corrects printing color based on printing color correcting information and the measured humidity;

Group II, claims 8, and 25-26, drawn to a correcting device which corrects printing color based on printing color correcting information and the humidity history data in the storage device;

Group III, claims 23 and 24, drawn to a correcting device which corrects printing temperature of the thermal heads based on printing temperature correcting information and the humidity history data in the storage device; and

Group IV, claims 27 and 28, drawn to a correcting device which corrects printing temperature of the thermal heads based on printing temperature correcting information and the humidity history data in the storage device.

For the purpose of examination of the present application, Applicants elect, with traverse, Group 1, Claims 6, 7, 9, and 13.

Applicants respectfully note that in the Restriction Requirement dated January 6, 2005, the Examiner restricted claims 6-9 and 13 as Group II. Subsequently, the Examiner issued an Official Action considering all of these elected claims. However, in the instant Restriction Requirement, the Examiner further restricts claim 8 from this group. Applicants respectfully submit that, as the Examiner has already considered this claim on the merits, there is no serious burden placed on the Examiner in considering all of claims 6-9 and 13 in the instant application.
